## **BOOK SYNOPSIS**

Manual Therapy of the Extremities presents manual therapy techniques from a variety of perspectives. The presentation of multiple techniques for each joint restriction is a unique feature of this book that provides students with a comprehensive and well-rounded approach to mobilization. The consistent format in the presentation of techniques makes for an easy-to-use resource for students and practicing physical therapists. Additionally, the majority of manual therapy books on the market focus on the spine, whereas this book focuses on the upper and lower extremities.
