BOOK SYNOPSIS

Originally published in 1897, this early work is a fascinating novel of the period and still an interesting read today. Contents include; The function of Latin, Chansons De Geste, The Matter of Britain, Antiquity in Romance, The making of English and the settlement of European Prosody, Middle High German Poetry, The Fox, The Rose, and the minor Contributions of France, Icelandic and Provençal, The Literature of the Peninsulas, and Conclusion..... Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork
